Sri. K.C.Reddi, B.A. B.L.,
Chief Minister,
Government of Mysore,
B A N G A L O R E.

Respected Sir,

We, the undersigned, beg to bring the following few lines for favour of perusal and sympethetic consideration.

We beg to state that we form the group of the ex-Externed Workers of the Kolar Gold Fields. We beg to point out that we had taken active part in the Political Struggle of our country from the year 1940 to 1947. Several of us have courted arrest and undergone prison sentences on behalf of the State Congressand the Labour Movement in the State We think that you are aware of the fact that we took leading part in the Labour field in the K.G.F.Area both in organising and running the respective Labour Unions there. We were also members of the K.G.F.Congress Committees.

We take this oppurtunity of mentioning that most of us were externed in the year 1940 for taking active part in the Labour Welfare activities of the Mining Area. Some of took part in the Flag Movement in 1942 and as a consequence were arrested and sentenced to various terms of Imprisonment. Later, we all enthusiastically took part in Ghandiji's famous QUIT INDIA MOVEMENT in August 1942, for which we were once again arrested and sentenced. Further to this we were completely banned from entering the K.G.F.Area.

From there begins a tale of woe and misery for us. During the past six years we have suffered untold misaries. We were seperated from our families, and added to it we were all thrown out of employment sothat the future was very dark for us. We had to shift ourselves to otherstrange and unknown places for want of employment. Our families also suffered as a consequence. The essential wants of human exix tance were denied to them as we could not afford them There are countless days when they had to actually starve.

Ultimately a ray of hope came to us after the last Mysore Independance Movement when our party emerged victorious. It was only after you and your colleagues took over the reins od Office that the six to eight year old ban on us were lifted and we were allowed to enter the K G.F Area. Many of us tried to get back to their old places in the Mining Company But they were refused employement on the grounds that they were unfit for work.

We have all along been true to the cause of National aspirations and claim to have also done our little part with the millions who took part in the struggle. Even now we are continuing the same work of Labour Welfare and are trying our level best to help and co-operate with the present Government, so that they may carry on in their work unhampered in any way.

We are forced to address this appeal to you not because we are mercenaries but because it is heart rending to see our already disintegrated and broken down families suffer still for want of the essential needs of life. We therefore request you to kindly consider our case and grant us some relief as has already been done by the other Provincial Governments to the Satyagrahis in those Provinces. In this connection we beg to state that as most of us have alrady settle in Bangalore we be granted some sites in Bangalore through the City Improvement Trust Board so that we may aided in getting an abode for our family. We have chosen a plot for the purpose the plan of which we are herewith enclosing for your perusal.

We close with the fervent hope that our request and prayer will be given a sympethetic consideration and the necessary relief granted us.

Finally, we once again wish to impress upon your good self that what we have done in the National cause is of our own free will and do not claim this relief as a paid worker, but, in the attitude of a man who has sacrifised his all and asks for a certain favour not for himself but for his dependants who have also indirectly suffered in the cause on account of us.

Thanking you in anticipation,

We beg to remain,
Respected Sir,
Your devoted servants,

Bangalore
